

GREASE CALCIUM

MULTI PURPOSE

Magic Plus calcium soap based greases consist of refined paraffinic base stock, calcium based thickener and special additive package. These greases possess good water resistance and can be used for lubrication of machine elements operating in conditions where water ingress cannot be avoided. These greases provide protection against rust, corrosion, wear and has outstanding ability to resist water washout.

Features & Benefits:

- Excellent water tolerance and is adaptable to normal grease dispensing systems including centralised lubrication systems
- Protection against rust and corrosion

Applications:

This multipurpose (calcium soap based) grease is recommended for all types of general applications of automotive and industrial purposes. It is also used for plain bearings, universal joints lubrication, nipples steering linkages and chassis suspension parts.
