

4T MOTORCYCLE OIL API: SN

SYNTHETIC / SEMI SYNTHETIC / MINERAL

Magic Plus 4T SN is a synthetic lubricant designed to provide ultimate engine protection and performance for all kinds of modern bikes. It helps your bike perform its peak potential, making it responsive to your slightest touch. This formulation is designed to deliver increased oil performance reliability by helping to remove deposits and maintain oil viscosity to give superior engine protection. This lubricant enhances control by smoothing clutch engagement and preventing slipping. It helps prevent and remove of sludge and engine deposits.

Features & Benefits:

- Increased friction control, optimized friction control for smoother clutch engagement and gear changes
- Reduced vibration and engine noise, enhanced sheer stability for a quieter and smoother ride
- Ultimate wear protection against valve train wear
- Added protection against harmful deposits

Applications:

High performance air and water cooled four stroke motorcycle engines, including race-tuned and ones with integral gearboxes and wet clutches.

Recommended for all 4-Stroke motorcycles including cruisers and off-road motorcycles.

Specifications, Approvals & Recommendations: (Meets / Exceeds)

- API: SN
- JASO MA2
